350 Eugene & the Carbon Free Challenge at Picnic & SHiNA meeting on Oct. 6th

350 Eugene world.350.org/eugene is dedicated to helping raise awareness of climate change.

It is organizing direct action around institutions and policies driving climate change issues.

Linda Perrine and Fred Mallery will present the **Eugene Carbon Free Challenge** werenew.net/westernor/eugene which enables Eugene residents to learn about their personal carbon footprint and ways to reduce it. This is a joint project of the City of Eugene, EWEB and 350 Eugene to help neighbors begin to reduce our collective carbon emissions now as part of the Eugene Climate Action Plan. We are working to reach as many residents, businesses, nonprofit organizations and faith groups as we can this year. **We need your help!** You can host a House Party for the Eugene Carbon Free Challenge outreach and our ECFC team will be glad to help you teach others about this project and the above website. Join us in the work to reduce personal carbon emissions in Eugene! Emails: laperrine@gmail.com, fmallery@efn.org

SHiNA Board Seeks New Members

The Southwest Hills Neighborhood Association (SHiNA) is seeking new members to join our volunteer board this fall to keep our neighborhood well-represented within the City. At-large board positions and SHiNA officers are up for election or re-election. **Candidates will be put forward for ratification at the October 6th General Membership Meeting. Elections will take place at the November 3rd General Membership Meeting.**

The SHiNA board advocates on behalf of 3,727 neighborhood addresses of households and businesses. We work on housing, land use, traffic and wildlife issues, sustainability, park improvements, etc. We notify neighbors about proposed neighborhood development, city initiatives, policies and projects. We also convey our neighborhood needs to the City.

Please consider joining the SHiNA Board. We would like your input and assistance in forming the neighborhood area teams for our Emergency Preparedness efforts. A neighborhood association is an excellent way to partner with other neighbors, the City, and other organizations to develop solutions to shared problems. SHiNA is one of 23 neighborhood associations and is formally recognized by the City of Eugene.

The SHiNA Board has up to 10 members and meets every other month. There are also three informative General Meetings and an Annual Picnic with live entertainment, a fundraiser, the potluck picnic, a kid's art table and community information tables. The term of service is one year with no term limits. Email the SHiNA Board if you would like more information about serving on the board: shina_board@googlegroups.com

Preparing for the Cascadia Subduction Earthquake at Nov. 3rd meeting

This earthquake has the potential to be the greatest about, but it's foolish not to prepare and educate folks We need to face the potential dangers and problems during the day or night. Families should have happening at any time, such as when members are communicate.

natural disaster in US history. It is daunting to think about ways to help themselves and their neighbors. following such an earthquake which may happen flexible plans that deal with this earthquake separated and can not easily reunite or
